

## **AFTER CARE:**

You can wash your face normally with anything mild.

You can use ice on it if you want.

For one week, keep a little bit of Vaseline or Aquaphor on brows and lips 24/7; you don't have to put it on your eyeliner.

The entire top layer of pigment must come off. You can brush over it with your finger or a Q-Tip very gently to wipe off anything that's loose but **DO NOT SCRUB IT OFF OR PICK IT OFF**. Let it flake off when it's ready.

## **PRICING AND POLICIES:**

**A non-refundable \$50 deposit is required for all appointments. It will be applied to the price of your service. Appointments can be re-scheduled, if necessary, up to 24 hours in advance. Cancellations with less than 24 hour notice forfeit the deposit.**
